1230-1245	Prevalence of depression in cancer patients – a Norwegian cross-sectional study	Therese Foss	
1245-1300	Cancer symptom scale preferences: Does one size fit all?	Lucy Burke	

European Palliative Care Research Centre

1300-1400	Lunch		
1400-1500	Plenary: complex interventions		Chair:
1400-1430	Supporting self-management of patients with pain: what is effective?	Mike Bennett (UK)	Miriam Johnson
1430-1500	Evaluating interventions for cancer pain	Wendy Oldenmenger (NL)	
1500-1530	Coffee break		
1530-1630	EAPC research projects update		Chair:
1530-1545	PRAIS: Pål Klepstad		Per Sjøgren
1545-1600	CERP: Oscar Corli		
1600-1615	MENAC: Stein Kaasa		
1615-1630	Discussion		

Friday 16 October

Time	Title		Speaker
0915-1000	Plenary theme: pain mechanisms		Chair:
	Neuropathic pain mechanisms and therapeutic targets	David Bennett (UK)	Augusto Caraceni
1000-1030	Coffee break		
1030-1130	Plenary theme: updates		Chair:
1030-1100	EAPC guidelines on cancer pain 2015: what's new?	Augusto Caraceni (IT)	Pål Klepstad
1100-1130	End-of-life decisions in Swiss residential homes for adults with disabilities	Monika T. Wicki	
1130-1215	Selected research abstracts		Chair:
1130-1145	Cancer-related fatigue: Evaluation by mobile electrophysiology	Brenda O'Connor	Stein Kaasa and Marianne Jensen Hjermsstad
1145-1200	Supporting and improving community health services – a prospective evaluation of ECHO technology in community palliative care nursing teams	Clare White	
1200-1215	Antidepressants and antiepileptics in addition to opioids in cancer pain: systematic review and meta-analysis	Christopher M. Kane	
1215-1230	Closing	Mike Bennett (UK)	
1230-	Lunch
